

Harpies Win Again.
The Harpies defeated the Cardinals in a one-sided contest by the score of 15 to 1. The Harpies had the Cardinals shut out until the eighth inning, when a bad throw to second by Beasley netted the Cardinals their only tally.
In the second inning after laying out a beautiful two bagger, which looked good for three bases, Long in turning second base probably broke a leader in his ankle, and had to re-

Barton Heights Wins.
In a game replete with brilliant play on both sides, the Barton Heights football team, coached by George Wright, defeated the former's diamond yesterday to the tune of 6 to 4. Barton Heights started their run-getting the third. With Burch on second W. Kinison hit for a clean double, bringing in Burch ahead of him, and then himself to the next inning. Right Sheltin hit in the next inning for three bases, bringing in a runner ahead, and scoring on a wild pitch.

Horace Wright made a game fight to overcome the lead, and the same way in doing so until he was killed off to Sheltin with two on bases.

Wray made a beautiful catch what looked to be a home run

Senf's bat in the second, while Bache made a spectacular stab of Gwynne's men in the ninth. Shelton made the good catch at centre in the eighth, and the heights, and his three-base hit in the fourth was a pretty line drive centre. While Rogerston pitched good ball, Burch was tight in pinches, at pitched a good, steady game through the eighth, and he pitched in the respective positions in big league style.

Score by innings: R. H. E.
Barton Heights.....0 2 2 2 0 0 0—6 9
Hercule Wright.....0 0 1 0 2 0 0—1 3
Batteries—Burch and Gordon; Rogerston and Lloyd.

Cochran Defeats Travis.
Baltimore, May 11.—To the great surprise of every one, B. Warren Cochran, of the Baltimore Country Club, won the final match from Walter Travis, in the golf tourney on the links of the Country Club this afternoon. Mr. Travis was regarded as certain winner, and the victory of young Cochran was entirely unexpected. It was generally believed he would give the champion a close race.

GOMEZ LEAVES MEXICAN SOIL

Retires From Provisional Presidency and Returns to Texas.

San Antonio, Texas, May 11.—Emilio Vasquez Gomez returned to San Antonio from Juarez late to-night.

Juarez, Mex. May 11.—General Pascual Orozco to-night holds the balance of power in the Mexican revolution.

tion. Though Orozco with 7,000 men is facing a Federal force that is pressing him back toward the border and the outcome of the battle is uncertain, the developments of the day chiefly the abdication of Emilio Varquez Gomez of the provisional presidency which he assumed a week ago indicate that the money interests behind Mexico's present disturbances must continue to court Orozco. Gomez fled to-day across the Rio Grande to United States territory. Later he was located in a boarding house in El Paso. He declined to make any statement. Jose Cordova, Secretary of the State of Chihuahua who bears Orozco's answer to the Gomez proposal of a provisional government, arrived to-night.

men who are surrounded by the President Diaz had been financing the Orozco movement, through the agency of Gonzalo C. Enrile, now in Chihuahua.

day of sunshine and the cloudless sky to-night brought hope to the army of levee protectors, and with the exception of Baton Rouge, where the fight to hold the embankment along the river front still is considered most critical, Federal and State engineers expressed confidence in the continued resisting power of the artificial barriers which hold the record flood waters of the Mississippi River in check.

In contrast with the alarm that prevailed during last night's severe rain and wind storm, little concern was given to conditions on the river front by the general public. Many up river towns that reported panicky conditions during the height of the storm's fury, had their fears relieved by the beautiful day which came on the heels of such a threatening night.

In New Orleans the excessive rainfall taxed the city drainage system beyond its capacity and to-night 200 blocks in the upper residential section again saw the flood waters rising to a depth of four to twenty inches. In the territory bounded by Peters Avenue, Third Street, Franklin Street, back to the basin the streets this morning were flooded to a depth ranging from six inches to two and a half feet.

Street car service throughout this section was annulled to-day, and the only means of transportation over a wide area was by horse, rickshaws and wagons. Negro children reaped a harvest of dimes and quarters getting business men downtown from their homes. Hundreds of people did not leave their homes until after two o'clock noon. The few places in the city where the water was dashed over the levees last night by the high winds were repaired to-day.

Five miles above the city a serious blow-out occurred on the left side of the levee near the Spanish Lake. It was discovered by Lieutenant Maher, of the Washington

W. M. Cease,

Artillery, who is doing guard duty along the levees at that section. A small force of negroes was sent to work filling sandbags, and within half an hour the saving of the embankment had been stopped.

At Fishers' near twelve miles north of New Orleans, near Harahan, the levee is not considered good and to-day Federal United States Engineer Sequera with 250 men was put to work on the bad stretch. The work was progressing nicely, and there was little doing of a crevasse.

Content in Georgia.

[Special to The Times-Dispatch.]

Atlanta, May 11.—Reports received at the headquarters of the Roosevelt Progressive Club, in this city, it was stated to-night, indicate that Roosevelt Republican conventions were held in practically all Georgia counties to-day to name delegates to State and district conventions to be held May 17 and 18, respectively. According to St. Julian Yates, president of the club, a State organization, the Roosevelt wing of the Republican party in this State will send a full-contesting delegation to the national convention. The so-called regular or Taft wing held a State convention in March and named a delegation of twenty-four to the Chicago convention, instructed for Taft. Delegates from one district were un-instructed.

Roosevelt Claims Minnesota.

[Special to The Times-Dispatch.]

St. Paul, Minn., May 11.—Minnesota returns here indicate that Roosevelt has carried Ramsey county, of which St. Paul is a part, by three to one. Eighty-six counties held primaries to-night. Eleven counties held primaries earlier in the week, and Roosevelt carried all of them.

Outside of Ramsey county, few returns had been received at midnight, but Roosevelt's managers were claim-

ing easy control of the State convention next Thursday.

Instructed for Roosevelt.

[Special to The Times-Dispatch.]

Birmingham, Ala., May 11.—At the State convention of the Roosevelt adherents of Alabama, held here to-day, twelve delegates at-large, with half-vote each, were elected to the Chicago convention. The delegation consists of George J. Beyer, J. F. Wright, W. L. Fairley, W. F. Tebbets, C. H. Scott, J. F. McElroy, William Vaughan, R. L. Perkins, J. J. Moore, C. Joseph Thompson, W. O. Williams and G. S. Michaelson.

Congressional district caucuses from the First, Second, Fifth and Ninth Districts also were held, and two delegates sent to Chicago from each. The delegates are:

First District—W. T. Henderson and A. J. Spencer.

Second District—A. B. Long and M. Greene.

Fifth District—J. O. Thompson and Peyton.

Ninth District—O. R. Hundley and S. Lewis.

All delegates were given iron-clad Roosevelt instructions.

A Tomfool Proposition.

Oyster Bay, N. Y., May 11.—"I have been asked to commit myself on even sort of contest. Presently I am supposed to be one of them," said Theodore Roosevelt this afternoon, when asked to comment on the resolution of Representative Clayton, which proposes to fix the presidential term at six years and to divide the President into two terms only. Colonel Roosevelt will leave New York for Ohio Monday evening and will spend the week there.
